Financial Audit 2014

Report of the Financial Auditor

- As in the past year I have examined the financial statements 2014 of the Swiss Chapter of the System Dynamics Society.
- The balance sheet and income statement are consistent with the accounts and the accounting is properly managed.
- The annual accounts for 2014 include revenues of CHF 0.00 and expenses of CHF 34.80 with a surplus of CHF 34.80. The financial assets amount to CHF 3746.50 per 31 December 2014.
- Based on the results of the examination I request the General Assembly to approve the financial statements 2014.
